INTRODUCTION

Lisa Dangerousa is an expert painter with a depth and breadth of specialist painting and art production skills, which she has applied in various roles assisting high net-worth individuals. She has worked on projects for several major contemporary Artists, making art for companies and displays such as MINI, Royal Academy and major museums around the world.

She has established her own art practice under the name Dangerousa, undertaken commissions for corporate and private clients, featured on ITV news, and exhibited in London venues including Saatchi Gallery. In addition to her creative flair and technical proficiency, she is a confident, adaptable and highly organised individual who is competent in planning and team management.
